

Quickly dissolve built-up concrete or mortar on tools and equipment!

Alpha Concrete & Mortar Dissolver is a liquid compound specifically formulated to dissolve built-up concrete or mortar on tools and equipment.

- Dissolves concrete and mortar
- Removes all types of cement, concrete, mortar, grout and stucco.
- Removes mineral deposits from any surface.
- 100% biodegradable, non-corrosive and acid free.
- Will not cause rust or corrosion.
- Safe to use on metals, equipment, wood, glass or painted surfaces.
- Removes efflorescence from decorative concrete.
- Fast acting and odorless.

Built-up concrete or mortar makes equipment look old and worn-out.

Looking much better after just a few minutes!

MQ ALPHA

MULTIQUIP CONCRETE & MORTAR DISSOLVER

Alpha Concrete & Mortar Dissolver is the best choice for cleaning your tools or equipment.

Used by: Concrete contractors, ready mix companies, decorative concrete contractors, equipment rental companies, masonry contractors, shotcrete contractors and others.

RESULTS IN MINUTES!

Quick and easy to use:

Note: Do not wet area to be treated.

1. Spray on area to be cleaned.
2. Let solution penetrate for 15 minutes.
3. Rinse with water.

For thicker, stubborn surface build-ups, a second application may be necessary.

Always wear protective clothing when working with concrete including gloves and safety glasses.
