

A photograph of a construction site. In the foreground, the rear of a white concrete pump truck with a yellow boom is visible. The truck is positioned next to a long, narrow concrete structure under construction. Two workers in orange safety vests and hard hats are standing on the structure, operating a hose. The background shows a dirt area with construction materials, a red and white striped safety cone, and a street with parked cars and trees.

LS SERIES PUMP - ACCUMULATOR NITROGEN PRE CHARGE KIT

| Part number | Size |
|-------------|------|
| EM98052 | - |

Accumulator charging / gauge kit for use on bladder or piston accumulators. Includes valve body, check and bleed valve, 0 - 3000 PSI pressure gauge, 10 foot charging hose with nitrogen bottle adaptor.

WASTE CONTAINMENT TRAY

| Part number | Size |
|-------------|-------------------------------|
| EM98267 | 8 cf. capacity, 4.0 x 6.0 ft. |

Portable, lightweight and sturdy made of durable high strength polyethylene. The tray is ideal for containing material spills while pumping concrete in streets or environmentally sensitive areas. Useful for containing fluids while performing equipment maintenance.

WIRELESS CONTROL*

| Part number | Description |
|-------------|---|
| EM98268ADP | Antenna only models, LS300GK & LS450 (900 Hz) |
| EM98268DP | Complete kit, Models LS300GK, LS450 (900 Hz) |
| EM98268A | Antenna only C30HDGA (2.4 Ghz) |
| EM98215C24 | Complete kit, Model C30HDGA (2.4 Ghz) |

*Used on current models only.

Miratron wireless, ergonomic controller designed to be comfortably worn on operators belt.

C30HDG operating range up to 400 feet.

LS pump operating range up to 1400 feet. Ten channel frequency hopping ensures strong signal for reliable operation.

Older machines consult factory for proper wireless sets
